

MUSE  
FINE ART PRINTING

It is almost July!

Anyone remotely connected with the Cambridge Art Scene is already excited about the [Open Studios](#) and we join in the excitement!

365 studios are opening doors this year in the whole of Cambridgeshire and if you are not opening your studio, then for sure you are planning to visit fellow artists at least one of the four weekends.

Or if you are a participating artist and you are still behind on your giclée printing, we can help with scanning and photographing your artwork, printing it on our super 12 colours machine on a beautiful Hahnemühle fine art paper and even packaging it for you! And yes, we can do that super urgently!

At [MUSE](#) we were happy to make for them an A3 print on a fine art Hahnemühle paper.
