Hahnemühle German Etching

Traditional mould-made copperplate printing paper, complete with an inkjet coating designed especially for FineArt applications. The white art paper made from 100% alpha cellulose is characterised by its extraordinary velvety tactile feel and its fine, clearly defined felt structure. The unique surface texture adds a very special touch to images, showcasing them in all their splendour with impressive three-dimensional effect and depth. The premium matt inkjet coating guarantees outstanding print results with excellent reproduction of colour and detail, deep black and optimum contrasts. German Etching is acid- and lignin-free and meets the

most exacting requirements in terms of age resistance. This heavyweight FineArt inkjet paper is one of the most popular paper for FineArt prints and art reproductions thanks to its characteristic tactile feel and surface texture.

- 310 gsm, 100% α -cellulose
- White
- Clearly defined felt structure
- Matt premium inkjet coating for outstanding print results
- Acid- and lignin-free

New MUSE Artist

Kiarni Buddery

Here is what Kiarni says about herself:

"My name is Kiarni and I am an artist. I have spent the last few years focusing on pet portraits. However, more recently I have been experimenting more with mixed media paintings.

I have always enjoyed art and exploring different ways to implement what I love into paintings.

I adore animals, wildlife, flowers and all things nature so my paintings do tend to revolve around this."
